

Bob and Ray at KGRE Feb 2015 Meeting

Members attending and telling stories:

VP Ray Brown, Dave Kayser, Gerry Loeser, Roger McGrew, Bob Heimburger, and Treas. John Wohaska

Pres Dave Herrmann attended by phone. After the meeting. Good show, Dave.

Hey Larry, what happened? You're supposed to be my right hand man while Sec. Earl is out of town. Except I'm left handed. Does that matter? See you next month.

Six members present, two gyroplanes, beautiful but windy weather.

Ray flew his Dominator, and Bob his Magni. Gerry was in awe of Bob's constant speed prop, which Bob was happy to demonstrate. Engine off, of course. Oooh. Ahhhh.

Meeting called to some sort of order by VP Brown. J Wohaska provided copies of our original club by-laws to look over. It is likely we will be able to reinstate our non-profit corporate status for around \$85 by updating the contact information and submitting the last three years annual reports. John is taking care of that. Discussed club activities, group cross country flights this summer, prop balancers, and rotor tachs.

Gerry provided Krispy Kreme donuts again. If he keeps doing that we'll all be needing bigger engines. Whatta guy.

Closed out the meeting for this time, next one is March 14th, at Greenville.
